Year-at-a-Glance (YAG) is a document that informs parents and students of the recommended pacing and content standards for selected courses. It includes the topics to be taught week by week each quarter and a list of instructional resources. The YAG is only a recommended pacing guide; school leaders and teachers make the final decision regarding the pacing of any program of study.

...

Cognitively Guided Instruction is a student-centered approach to teaching math. It starts with what students know and builds on their intuitive problem-solving processes. CGI will help enhance the use of Go Math by developing teachers' abilities to listen to students, ask good questions, and engage students with each other's ideas.
