Lehne's Pharmacology for Nursing Care, 10th Edition ...

Lehne uses tables to present complex information from various angles. This helps to better and rapidly digest things like drug categories, therapeutic results, etc. Lehne uses more medical/scientific language and explanations compared to my other nursing texts. That's a plus to me, but others might not like it.

Lehne's Pharmacology for Nursing Care - Text and Elsevier ...

Lehne would win the favorite textbook award by acclamation at my nursing school. The text is clear, concise and incredibly well written. The author reviews relevant physiology, lays out the classes of drugs and explains how each works, usually by examining a prototypical drug in each class followed by briefer reviews of other similar drugs.
