read.

Project Gutenberg is a wonderful source of free ebooks - particularly for academic work.

However, it uses US copyright law, which isn't universal; some books listed as public domain might still be in copyright in other countries. RightsDirect explains the situation in more detail.

Lights, Camera, Action

Potential "Lights,

Camera, Action

Potential" is an activity

that simulates a nerve

impulse traveling along

the axon of a neuron.

Each pair of students is

given a small length of

the axon, along with

the sodium, potassium

and chloride ions

(beans and peas),

charged ions and

molecules (small
