Religious institutions usually are subject to laws of general applicability. A particularly contentious situation involves the interplay between one such generally applicable law, the federal Fair Labor Standards Act, providing minimum wage and overtime premium pay to employees, and religiously affiliated institutions operating as employers of largely secular enterprises.

The main target of the anti-religious campaign in the 1920s and 1930s was the Russian Orthodox Church, which had the largest number of faithful. Nearly all of its clergy, and many of its believers, were shot or sent to labor camps. Theological schools were closed, and church publications were prohibited.
